

BUD RANK ELEMENTARY
Parent Input for Class Placement
This is optional

The education of our children is best accomplished when families and the school work together in a collaborative atmosphere to establish a positive learning environment. Working and communicating together can only help to enhance the education of your child. This form provides parents with the opportunity to have input into their child's classroom placement for the upcoming school year. Ideally, classroom placements should consider a student's academic, developmental, and behavioral needs. As you complete this form, be as specific as possible. However, **PLEASE DO NOT SPECIFY A TEACHER, as we cannot honor specific teacher requests.** We will use the information you provide to build leveled and equal 2021-2022 classes. **Return the form (either hard copy or by email) to your child's current teacher by Monday, May 10th. (Parent Input for Class Placement Forms will NOT be accepted after May 10th)**

Person filling out form: _____ Relationship to Student: _____

1. Describe your child's academic performance. Discuss any concerns that you have, as well as any successes that you feel that your child has accomplished.

2. Describe your child's social and emotional development. Please include both high points and any concerns that you want to have considered for next year's classroom placement. What personality traits does your child have that need to be addressed for next year's classroom placement?

3. What is the greatest consideration/concern that you have for your child's placement for next year? Why?

4. We will have multiple combo classes next year due to the numbers of students in each grade level. At Bud Rank, we build our combos with students with high achievement, a high level of independence and great character. What are your thoughts about your child in a combo for the 2021-2022 school year?

5. If your child is a twin or triplet, please let us know if you would like them in the same class or placed in separate classes.

Thank you for your input and support of Bud Rank Elementary,

Ryan Gettman
Principal
